

General Co-Chairs

Wen Tong Huawei Technologies, Canada
Peiyang Zhu Huawei Technologies, Canada

Conference Advisor

Luis M. Correia University of Lisbon,
Portugal

Keynote Co-Chair

Wei Yu University of Toronto, Canada

Technical Program Co-Chairs

Azzedine Boukerche University of Ottawa,
Canada
Pinzhi Fan Southwest Jiaotong University,
China

Local Organizing Committee Co-Chairs

Yan Chen Huawei Technologies, Canada
Shahrokh Valee University of Toronto,
Canada

Keynote Co-Chair

Wei Yu University of Toronto, Canada

Workshop Co-Chairs

Luis M. Correia University of Lisbon,
Portugal
Matthew Valenti West Virginia University,
USA
Yi Wang Huawei Technologies, China

Tutorial Co-Chairs

Weihua Zhuang University of Waterloo,
Canada
Filipe Cardoso IP Setubal, Portugal
Antonio Loureiro Universidade Federal de
Minas Gerais, Brazil

Panel Chairs

Jian Li Huawei Technologies, China
Roberto Verdone U. Bologna, Italy

Publications Co-Chairs

Xiaoming Chen Zhejiang University,
Canada
Hojjat Salehinejad University of Toronto,
Canada

IEEE International Symposium on Personal, Indoor and Mobile Radio Communications

**6G The Next Horizon – From Connected People and Things
to Connected Intelligence**

05 – 08 September 2023 // Toronto, ON Canada

www.pimrc2023.ieee-pimrc.org

PIMRC 2023 conference will be held in person 5 – 8 September 2023, in Toronto, Canada. Those authors which are with accepted paper but will not be allowed to travel abroad by strict national rules in force or Visa issues at the time of the conference will be given the opportunity to present their accepted work remotely.

Call for Papers

The 2023 Annual IEEE International Symposium on Personal, Indoor and Mobile Radio Communications (IEEE PIMRC 2023) will be held in Toronto, Ontario, Canada, for the first time back to face-to-face format since 2019 with virtual access in hybrid. The symposium has become one of the two major conferences of the IEEE Communications Society (ComSoc) in the field of wireless communications and networking. Originally founded in 1989 as a workshop in London and developed over the years to become a major international conference attracting the technical community from all regions and continents. PIMRC 2023 will mark the 34th edition of this symposium by world-class keynotes, high-quality technical sessions, industry panels, workshops and tutorials supported by all Organizing Committee members. 2023 is the year ITU-R targets to announce the Vision Recommendation for IMT 2030 and beyond, a new horizon that evolves from connected people and things to connected intelligence. IEEE PIMRC 2023 welcomes contributions reporting original research results in all areas of wireless technology as well as in applications, services, and business.

Prospective authors are invited to submit technical papers of their previously unpublished work. All accepted and presented papers will be submitted to IEEE Xplore. Topics of interest should be included within the following Tracks:

Track 1: PHY & Fundamentals

Track 2: Networking and MAC

Track 3: Practical and Experimental Systems

Track 4: Applications, Platforms, and Business

IMPORTANT DATES:

Workshop Proposals:	18 Feb 2023 25 Feb 2023
Full Paper Submissions:	18 Mar 2023 15 Apr. 2023 (FINAL) 18
Tutorial Proposals:	Mar 2023 01 Apr. 2023 (Extended)
Panel Proposals:	22 Apr 2023 31 May 2023 (EXTENDED)
Notification of Acceptance:	03 June 2023
Final Manuscript:	24 June 2023
